

N	Customer	Project Name	Project Description	Controller	Year
1.		T Plus is a Russian electricity generation company controlling 7% of the power generation and 10% of the heating market. https://www.tplusgroup.ru			
2.	T Plus	Process control system for the Samara power plant	commissioning works	REGUL R500 Alfa Platform	2025
3.	T Plus	Technical re-equipment	design and survey work, supply, construction and installation work, commissioning works	Siemens PCS7	2023-2024
4.	T Plus	Technical re-equipment of Dzerzhinsk Thermal power plant (boiler №8)	supply, construction and installation work, commissioning works	Volmag SCADA «Cascade»	2022
5.	T Plus	Technical re-equipment	design and survey work, supply, construction and installation work, commissioning works		2022
6.	T Plus	Technical re-equipment of gas detection systems in gas turbine rooms Syzran Thermal power plant	supply, construction and installation work, commissioning works	GE OC6000e	2022
7.	T Plus	Technical re-equipment of gas detection systems in gas turbine rooms Syzran Thermal power plant	design and survey work	GE OC6000e	2022
8.	T Plus	Process control system for Samara Thermal power plant	installation supervision, supply, installation supervision, commissioning works	REGUL R500 Alfa Platform	2022
9.	T Plus	Current repair of temperature control circuits for Samara Thermal power plant	commissioning works	Siemens PCS7	2022
10.	T Plus	Technical re-equipment of Dzerzhinsk Thermal power plant (boilers №7,8)	design and survey work	Volmag, Cascade	2021
11.	T Plus	Modernization of natural gas measurement system for Orsk Thermal power plant	design and survey work		2021
12.	T Plus	Technical re-equipment process control system of Syzran Thermal power plant (boiler №12)	design and survey work	Siemens PCS7	2020
13.	T Plus	Technical re-equipment process control system of Syzran Thermal power plant (boiler №14)	supply, construction and installation work, commissioning works	Siemens PCS7	2019
14.	T Plus	Technical re-equipment process control system of Syzran Thermal power plant (boiler №11)	design and survey work	Siemens PCS7	2018
15.	T Plus	Process control system. Modernization of PLC power supply system. Saratov power plant, Engels power plant, Balakovo power plant.	design and survey work		2018

16.		PJSC "RussNeft" ranks among the top-10 largest oil companies by crude oil production in Russia. https://russneft.ru/eng/about/			
17.	RUSS Neft	Process control system for the acceptance-delivery point «Klin»	design and survey work		2025
18.		PAO NOVATEK is principally engaged in the exploration, production, processing and marketing of natural gas and liquid hydrocarbons. https://www.novatek.ru/en/about/company/			
19.	NOVATEK	Remote control system for the Zapadno-Yaroyakhinsky license area	design and survey work, supply, installation supervision, commissioning works	SCADAPack	2025
20.	NOVATEK	LNG Construction Center	design and survey work, supply, construction and installation work, commissioning works	REGUL R500	2024
21.	Promkhimproect	Technical re-equipment of process control system for the water treatment complex with a pumping station «NOVATEK Ust-Luga»	design and survey work	ABAK	2023
22.	TREST KOKSOKHIMMONTAZH	Fire extinguishing automation system of pumping station for the Kharbeyskoe field	design and survey work, supply, installation supervision, commissioning works	ORION Pro	2023
23.	NOVATEK	Process control system of pumping station for the Kharbeyskoe field	design and survey work, supply, construction and installation work, commissioning works	MKLogic-500 Alfa Platform	2023-2024
24.	NOVATEK	Fire extinguishing automation system company «Gas condensate field VYSM»	construction and installation work	ABAK	2023-2024
25.		ForteInvest company is one of the largest independent oil refiners in Russia. https://forteinvest.ru/en/about/			
26.	Forte Invest	Process control system for the Afipsky Refinery (tank farm #3, 4)	design and survey work, supply, installation supervision, commissioning works	REGUL R500 Alfa Platform	2025-2026
27.	Forte Invest	Process control system for the acceptance-delivery point of the Afipsky Refinery (fire extinguishing automation system based on microprocessor)	design and survey work, supply, installation supervision, commissioning works	REGUL R500 Alfa Platform	2025-2026
28.	Forte Invest	Process control system for the Afipsky Refinery (Vacuum distillation unit, Visbreaker unit)	design and survey work, engineering, commissioning works	Yokogawa CentumVP	2025-2026
29.		PhosAgro is one of the world's leading phosphate-based fertilizer producers. https://www.phosagro.com/about/			
30.	APATIT PHOSAGRO	Process control system	design and survey work, supply, construction and installation work, commissioning works	ARBITR	2025-2026
31.	APATIT PHOSAGRO	Process control system for mineral fertilizers production	design and survey work, supply, construction and installation work, commissioning works	SURA	2025-2027

32.	Energeia Yuga	Cabinet of Power supply system, process control system for the block of phosphoric acid extraction JSC «APATIT» FOSAGRO	supply		2024
33.	APATIT PHOSAGRO	Remote control cabinet	commissioning works	SE S250	2024
34.	APATIT PHOSAGRO	Remote control cabinet for deacidification block of phosphoric acid extraction	design and survey work, supply, construction and installation work, commissioning works	OVEN 210	2024
35.	APATIT PHOSAGRO	Enhancement of process control system	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2025
36.	APATIT PHOSAGRO	Process control system for food phosphates production	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2024-2027
37.	APATIT PHOSAGRO	Enhancement of process control system for the block of phosphoric acid extraction	design and survey work, construction and installation work, commissioning works	Honeywell Experion PKS	2024-2025
38.	APATIT PHOSAGRO	Process control system for the block of phosphoric acid extraction, preliminary cleaning	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2024-2026
39.	APATIT PHOSAGRO	Process control system for phosphoric acid extraction production	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2024-2027
40.	APATIT PHOSAGRO	Enhancement of process control system for warehouse of finished stock 4700 t	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2024
41.	APATIT PHOSAGRO	Chromatography system for measuring the concentration of sulfur gas	design and survey work, supply, construction and installation work, commissioning works		2023-2024
42.	APATIT PHOSAGRO	Technical re-equipment of gas measuring system	design and survey work, supply, construction and installation work, commissioning works		2023
43.	APATIT PHOSAGRO	Technical re-equipment of process control system	commissioning works	REGUL R500 Alfa Platform	2023
44.	APATIT PHOSAGRO	Technical re-equipment of maturation reactor	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2024
45.	ELARA	Technical re-equipment of phosphogypsum conversion unit for APATIT	design and survey work, supply, construction and installation work, commissioning works	SURA	2023-2024
46.	APATIT PHOSAGRO	Service lines for phosphorus fertilizer plant	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2024

47.	APATIT PHOSAGRO	Process control system for phosphorus fertilizer plant (by circuitry Ammonized-granulator - Drying cylinder)	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2024
48.	APATIT PHOSAGRO	Process control system for phosphorus fertilizer plant	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2024
49.	APATIT PHOSAGRO	Process control system for phosphorus fertilizer plant (conveyor)	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2023-2024
50.	APATIT PHOSAGRO	Process control system for Sulfuric Acid Production (SAP-600/2, SAP-600/1)	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2023-2024
51.	APATIT PHOSAGRO	Enhancement of process control system (pressure-reducing desuperheating station)	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2023
52.	APATIT PHOSAGRO	Technical re-equipment of phosphorus fertilizer plant	design and survey work, supply, construction and installation work, commissioning works	Yokogawa CentumVP	2022
53.	APATIT PHOSAGRO	Process control system for mineral salts plant	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2022
54.	APATIT PHOSAGRO	Process control system for finished product warehouse, phosphorus fertilizer plant, 4700 t	design and survey work, supply, construction and installation work, commissioning works	REGUL R500 Alfa Platform	2022
55.		Russia's leading producer of polymers and rubbers. https://www.sibur.ru/en/about/			
56.	Nizhnekamskneftekhim	Process control system for repair and mechanical plant	design and survey work, supply, installation supervision, commissioning works	SURA	2025
57.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of protection (the Styrene Chain production site)	design and survey work, supply, construction and installation work, commissioning works		2024-2025
58.	Nizhnekamskneftekhim	Process control system of hydrocarbon raw materials block T-7	design and survey work		2024-2025
59.	Nizhnekamskneftekhim	Process control system for loading and unloading of liquefied gases, flammable and combustible liquids at handling facilities T-6/4, T-6/7, T-6/8	design and survey work		2024-2025
60.	Nizhnekamskneftekhim	Process control system for dosing and settling of hydrocarbons K-304	design and survey work		2024-2025
61.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of The New Complex of an Olefin Production	design and survey work, supply, construction and installation work, commissioning works		2024-2025
62.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the Neftekhim Arena Ice Palace	design and survey work, supply, construction and installation work, commissioning works		2024

63.	Nizhnekamskneftekhim	Engineering equipment of the Check-point №6	design and survey work, supply, construction and installation work, commissioning works		2024
64.	Nizhnekamskneftekhim	Replacement of the fence for Polyclinic	design and survey work, supply, construction and installation work, commissioning works		2024
65.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the Fire station equipment, car parking №9, №9/1	design and survey work, supply, construction and installation work, commissioning works		2024-2025
66.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the Gateway system and Check-point	construction and installation work, commissioning works		2024
67.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the security system, Stage 7	design and survey work		2024
68.	Nizhnekamskneftekhim	Warehouse fencing construction T (T5, T9, T3, T2/2)	design and survey work, supply, construction and installation work		2023
69.	Nizhnekamskneftekhim	Engineering equipment of the building A-12, check point A-2	design and survey work, supply, construction and installation work, commissioning works		2023-2024
70.	Sibur PolyLab	Polyolefin Synthesis Center (14 flow metering units)	design and survey work, supply, construction and installation work, commissioning works		2023
71.	Nizhnekamskneftekhim	Engineering equipment of the check point, title №A-2/4	design and survey work, supply, construction and installation work, commissioning works		2023
72.	Nizhnekamskneftekhim	Implementation of security systems at children's health camp children's recreation camp «Yunost», Nizhnekamsk city	design and survey work, supply, construction and installation work, commissioning works		2023
73.	Nizhnekamskneftekhim	Engineering equipment of the check point T (T4/2, T3, T4/4, T4/5, T2/2, T9)	design and survey work, supply, construction and installation work, commissioning works		2022-2023
74.	Nizhnekamskneftekhim	Construction and Engineering equipment of the temporary check point (the territory of the second industrial zone «Nizhnekamskneftekhim», PJSC)	design and survey work, supply, construction and installation work, commissioning works		2022-2023
75.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the security system, Stage 5	design and survey work	Punktir-S	2022
76.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of the security system, Stage 4	design and survey work, supply, construction and installation work, commissioning works	Punktir-S	2022
77.	SIBUR TYUMEN GAS	Fire alarm system and evacuation warning and control system. Distributed Control System of Belozerny gas refinery plant	design and survey work	ORION Pro	2022
78.	SIBUR TYUMEN GAS	Continuous monitoring system of pre-explosive concentrations. Bakhilovskaya compressor station	design and survey work	Basis	2022

79.	Nizhnekamskneftekhim	Perimeter security systems	supply, commissioning works	Punktir-S, Zarya	2022
80.	Nizhnekamskneftekhim	Process control system for Ethylene plant	engineering	DeltaV	2021
81.	Nizhnekamskneftekhim	Process control system for plant for the production of divinyl and hydrocarbon raw materials	engineering	DeltaV	2021
82.	Nizhnekamskneftekhim	Perimeter security systems	design and survey work, supply, construction and installation work, commissioning works	Stratum	2021
83.	Nizhnekamskneftekhim	Technical re-equipment of liquefied petroleum gases metering system plant for the (11 flow metering units)	design and survey work		2021
84.	SEQYUTEL	Perimeter security systems for combined-cycle gas plant, CCGT («Nizhnekamskneftekhim», PJSC)	supply, installation supervision, commissioning works	Stratum	2021
85.	Nizhnekamskneftekhim	Process control system for Butyl rubber plant (one-stage butane dehydrogenation, workshop 1319)	engineering	DeltaV	2021
86.	ZapSibNefteKhim	Modernization of natural gas flow metering unit (title 7188) Correction of control logic.	design and survey work, commissioning works	Siemens	2021
87.	UETP-NKNH	Pure water flow metering units. Workshop №2205	design and survey work		2020
88.	UETP-NKNH	Replacing steam boilers with water-heating boilers. Ethylene underground storage site. Workshop №2205	supply, construction and installation work, commissioning works	Siemens	2020
89.	Nizhnekamskneftekhim	Organization and development of the engineering and technical means of protection, check point №6, ISS	engineering		2020
90.	Nizhnekamskneftekhim	Process control system for Butyl rubber plant (production of one-stage butane dehydrogenation)	engineering	DeltaV	2020
91.	Nizhnekamskneftekhim	Process control system for hexane solvent hydrogenation unit. Workshop 1518. Synthetic rubber plant	commissioning works		2019
92.	Sibur	The uninterruptible power supply system for server room. Building I-20a	design and survey work, supply, construction and installation work, commissioning works		2019
93.	Nizhnekamskneftekhim	Process control system for Butyl rubber plant (production of one-stage butane dehydrogenation). Workshop 1319.	engineering	DeltaV	2019
94.	UETP-NKNH	Replacing steam boilers with water-heating boilers. Ethylene underground storage site. Workshop №2205	design and survey work	Siemens	2019
95.	Biakspen	Process control system for Kampf machine too	repair	Siemens	2019
96.	Nizhnekamskneftekhim	Process control system for Butyl rubber plant (storage and loading) Workshop 1311.	commissioning works	Siemens PCS7	2019
97.	Biakspen	Process control system for production line DMT-3	supply, commissioning works	GE iFix	2018
98.	Nizhnekamskneftekhim	Process control system for Oligomers and glycols plant. Workshops 6711, 6712.	commissioning works	Yokogawa CentumVP ProSafe RS, PAC-05	2018

99.	Nizhnekamskneftekhim	Process control system for Synthetic rubber plant. Workshop1508.	design and survey work	ABB Freelance	2018
100.	UETP-NKNH	Modernization of emergency shutdown system. Workshop №2202	design and survey work	PAS-05	2018
101.	https://junix.ru/	Process control system for the Yaisky Refinery (off-site facilities for slow coking unit; raw materials preparation unit)	design and survey work, supply, installation supervision, commissioning works	HollySys	2024-2026
102.		Uralchem is one of the world's largest producers and exporters of nitrogen, potash and complex fertilizers. https://www.uralchem.com/			
103.	Togliattiazot	Distributed Control System, Emergency Shut-Down System for ammonia plant	design and survey work, supply, installation supervision, commissioning works	HollySys	2024-2025
104.		LUKOIL is one of the largest publicly traded, vertically integrated oil and gas companies in the world accounting around 2% of the world's oil production and around 1% of the proved hydrocarbon reserves. https://www.lukoil.com/Company			
105.	LUKOIL	Technical re-equipment. Crude oil metering system for the Povkhovskoe field. Connection unit. System replacement.	design and survey work, supply, installation supervision, commissioning works	REGUL R500	2024-2025
106.	LUKOIL	Process control system of cluster pumping station for the Tevlinsko-Russkinskoe field	design and survey work, supply, installation supervision, commissioning works	MKLogic-500	2024-2025
107.	LUKOIL	Process control system	design and survey work, supply	MKLogic-500	2024-2025
108.	LUKOIL	Reconstruction of central production facility for the Lekkerskoe oil field. Crude oil metering system	design and survey work, supply, installation supervision, commissioning works		2024
109.	LUKOIL	Remote control system of Nakhodkinskoe field (well clusters №24, №25)	design and survey work, supply, installation supervision, commissioning works	SCADAPack, Siemens WinCC	2018-2019
110.		Electrical installation work https://united-catalyst.com	construction and installation work		2024
111.		Process control system https://n-azot.ru/index.php?lang=EN	design and survey work, supply, installation supervision, commissioning works	HollySys, Alfa Platform	2024-2025
112.	SIBENERGOMASH	Process control system for Yakut Fuel and Energy Company (boiler №8)	design and survey work, supply	Basis MasterSCADA	2023
113.		The Tatar-American Investment and Finance company for oil&gas and power supply industry. https://taifnk.ru			
114.	TGK-16	Technical re-equipment of the Gas Regulating Units GRP-2 for Kazan Thermal power plant-3	design and survey work	Volmag	2023

115.	TGK-16	Automated system for monitoring and accounting of thermal energy. Kazan Thermal power plant-3 (11 flow metering units)	supply, construction and installation work, commissioning works		2022
116.	TSF GENSTROI	Perimeter security systems and video surveillance systems for Kazan Thermal power plant-3	supply, construction and installation work, commissioning works		2021-2022
117.	TGK-16	Technical re-equipment of Nizhnekamsk Thermal power plant	design and survey work	Siemens PCS7	2021
118.	TGK-16	Automated system for monitoring and accounting of thermal energy. Kazan Thermal power plant-3 (11 flow metering units)	design and survey work		2021
119.	TGK-16	Technical re-equipment of Emergency shutdown system (fuel workshop) Kazan Thermal power plant-3	supply, construction and installation work, commissioning works	Siemens, Trace Mode	2020
120.	TGK-16	Technical re-equipment of Emergency shutdown system (fuel workshop) Kazan Thermal power plant-3 (Project correction)	design and survey work	Siemens, Trace Mode	2019
121.	TAIF	Industrial television system for plant of complex for deep processing of heavy oil distillation residues	supply, construction and installation work, commissioning works	Spectron, ISS	2019
122.	TGK-16	Technical re-equipment of Emergency shutdown system (fuel workshop) Kazan Thermal power plant-3	design and survey work	Siemens S7-300, Trace Mode	2018
123.	TGK-16	OPC DA OpenEnterprise SCADA Server Nizhnekamsk Thermal steam power plant of the heating type	commissioning works		2018
124.	TAIF	Process control system	supply, installation supervision, commissioning works		2017
125.	TGK-16	OPC DA Server ПТК Ovation v3.1 Nizhnekamsk Thermal steam power plant of the heating type	commissioning works		2017
126.		Tatneft is one of the TOP-5 largest oil companies in Russia. https://www.tatneft.ru/en			
127.	Nizhnekamsk Thermal power plant	Technical re-equipment and engineering of power supply networks Nizhnekamsk Thermal power plant	construction and installation work, commissioning works		2022
128.		Process control system for terminal «Utrennyi» Sabetta https://arcticspg.ru/	design and survey work, supply, installation supervision, commissioning works	REGUL R500 MasterSCADA	2022
129.	ZTS	Process control system for Novokuibyshevsk Thermal power plant (boiler VK-1)	design and survey work		2019
130.	UPTG PPD https://uptgppd.ru/	Process control system	supply, construction and installation work, commissioning works	Modicon Schneider Electric	2018
131.	UPTG PPD https://uptgppd.ru/	Process control system	design and survey work	Schneider Electric Modicon	2018
132.	Gas Service	Master prover rigs	Installation supervision, commissioning works		2016
